Holiday TOUCHSTONE BRACELET *Workshop*

A Touchstone bracelet is created by choosing colored beads that symbolize special feelings and memories that connect you to loved ones who are no longer here.

This guided session will offer an opportunity for fond remembering and reflection as we explore the meaning of the colored beads as they are strung together.

Your personally crafted bracelet will serve as a wearable touchstone infused with hope, healing and connection for yourself or made as a gift for a family member or friend for the Holiday season and beyond.
